

Welcome Data Governance Commission Meeting

August 16, 2013

10:00 am

Revised AGENDA

1. Call to Order
2. Roll Call
3. Approval of Minutes
4. Presentation by Chris Kotterman & Ed Jung: FY 2014 DGC Shifting Focus
5. Presentation by Amit Soman-Debbie Stirling: SLDS dashboard demonstration
- ~~6. Presentation by Ed Jung: ADE data request policies~~
- ~~7. Presentation by Ed Jung: ADE action plan to address Data Quality Campaign 2012-10 Essential Data Elements Survey~~
- ~~8. Presentation by Ed Jung: Plan to reduce ADE data stores in FY2014~~
9. Budget Summary and Recommendations: Mark Masterson
**Pursuant to A.R.S. § 15-249.01(2) - Provide recommendations on technology spending*
10. FY 2014 AELAS spending plan
11. Aiden Fleming/Chris Kotterman: DGC Policy Action Plan & Calendar Review
12. Public Testimony
**Individuals wishing to speak must fill out a request to speak form and submit it to Data Governance staff.*
13. Adjourn

ADE IT Modernization Effort Update

Presented to:
Data Governance Commission
August 16, 2013

Mark T. Masterson
Chief Information Officer

Agenda

- FY 2014 DGC shifting focus
- SLDS dashboard demonstration
- FY 2014 AELAS spending plan
- Policy action plan and calendar review

A stylized, high-contrast portrait of five people (three women and two men) with a blue vertical bar on the left. The image has a graphic, almost stencil-like quality with a limited color palette of blues, greys, and skin tones.

Chris Kotterman and Ed Jung

FY 2014 DGC WORK PLAN

Ongoing ADE data issues

- Data Quality Campaign 2013 Survey results
 - Policies on privacy, use of data, sharing of data between agencies
 - Training on the use of data
- External data request processes
 - Policy
 - Process flow
 - Data Extract Request Form
 - Privacy
- Strategic objective to reduce Agency data stores by 50% in FY 2014

Shifting focus

- Legislative changes in financial oversight dictate a change in focus
 - Commission has reviewed current technology projects
- Policy guidance needed as ADE deploys new systems to LEAs
 - Commission responsible for addressing policy issues around data use (AELAS, AZ Common Core Standards)
 - Need for documented data access and privacy policies

SLDS DASHBOARD DEMO

Chris Kotterman and Mark Masterson

BUDGET UPDATE

FY 2014 funding approvals

- AELAS funding part of statewide automation fund
 - Must receive favorable review from Joint Legislative Budget Committee (JLBC) before funds are released
- IT projects more than \$1M are required to receive approval from Information Technology Authorization Committee (ITAC)
- Interagency Service Agreement with ADOA to deposit funds at ADE
 - After JLBC favorable review, DGC recommendation and State Board funding approval

ADOA oversight

- Quarterly JLBC reporting
 - ADOA will support and review prior to submission
- Monthly financial reporting
 - ADE IT to provide monthly financial data
 - ADOA to ensure financial consistency
- Review and approve Project Investment Justifications

FY 2014 budget

- Different approach than presented in June
 - Reprioritized work efforts to match legislative funding limitation
 - SAIS replacement and SLDS delivery
- Seeking JLBC favorable review on August 20
- Will forward financial reports and provide quarterly progress updates

Program Support Office (PSO)

\$1,000,000

- Create standards for project design, development and implementation
- Financial oversight for ADE IT's contract laborers
- Prepare reports and other materials required for AELAS program oversight

Opt-in Student Information System

\$450,000

- AELAS Business Case demonstrated that pooling state and local resources can save money
- Opt-in state system is created *by* SIS users *for* SIS users
- Creating a direct connection to state reporting systems allows LEAs to bypass SAIS uploads
 - Users can connect to other AELAS systems for a more complete, real-time view into the classroom

Clean student data is critical (Ed-Fi)

\$2,000,000

- The complex systems we all want must be able to retrieve a wide range of data from a single, **reliable source** (Ed-Fi)
- If the Ed-Fi student data effort stalls, *everything* stalls

Clean data is the foundation for SLDS, SAIS replacement and other AELAS tools

Streamlining School Finance processes

\$800,000

- Automate manual financial payment processes
 - Reduces processing time from days, weeks and occasionally months to mere minutes
 - LEAs and ADE will greatly reduce errors and the time it takes to fix them
 - 21 of the 48 processes will be automated by end of fiscal year
- Complete School Finance replacement is out of scope for FY 2014
 - SALS sustainability remains a significant risk

ITAC approval August 12, 2013

• Program Support Office	\$ 1,000,000
• AELAS Education Fidelity (Ed-Fi)*	\$ 1,550,000
• AELAS School Finance	\$ 800,000

TOTAL	\$ 3,550,000
-------	--------------

- Presenting to JLBC on August 20 for favorable review

*Conditional approval to complete Ed-Fi discovery (\$650,000)

What is not in FY2014 plan

- Finance portion of SAIS
 - System still at risk for catastrophic failure
 - Processing \$5.6B payments on failing system
 - 27 manual processes remain
- Teacher tools, professional development
 - Services teachers need as identified by our research
 - Integrates classroom data to create real-time feedback loop

FY 2014 AELAS overview

PROJECT NAME	FY 2014 Recommendation *Pending JLBC Discussion	Deliverables
Program Support Office (PSO)	\$ 1,000,000	- Program Support Office (PSO) consisting of Portfolio Director, Phase Gate Management, Vendor Management, Communications, Risk Management, Financial Management and Oversight Management
Arizona Education Learning and Accountability System (AELAS) - Student Information System (SIS)	\$ 450,000	- Complete SIS RFP and award - Integrate SIS to Student Operational Data Stores - Implement and integrate six LEAs (includes data migration) * Additional LEA integrations out of scope for FY14
Arizona Education Learning and Accountability System (AELAS) - Education Data Fidelity (Ed-Fi)	\$ 2,000,000	- Implement Ed-Fi extractors for the four major SIS Vendors in the State * Additional integration for LEA systems is out of scope for FY14
Arizona Education Learning and Accountability System (AELAS) - School Finance	\$ 800,000	- Streamline and automate existing manual Class Site Fund (CSF) financial capability * Additional School Finance capabilities are out of scope for FY14
Student Longitudinal Data System (SLDS) – Arizona Education Data Driven Decision System (AzED3S)	\$ 2,750,000	- Implement Ed-Fi Dashboards - Roll out to 200 LEAs *Additional data source integration and LEA roll out continued in FY15
	\$7,000,000	

FY 2013 closeout

AELAS FY2013			
Sources of Funds			
FY12 Carryover	\$2,499,931.10		
FY13 Appropriation	\$5,000,000.00		
FY13 Student Head Count Cost	\$1,223,600.00		
TOTAL	\$8,723,531.10		
Expenditures by Fund			
FY 12 Carryover		\$ 2,499,931.10

Improve Internal ADE Systems TOTAL		\$3,373,859.06	
Improve Internal ADE Systems Balance \$976,106.49			
Appropriated but not budgeted funds	\$173,600.00		
AELAS TOTALS \$8,723,531 \$6,751,822.98			
AELAS Estimated Balance \$1,971,708.12			

Chris Kotterman and Aiden Fleming

DGC POLICY ACTION PLAN

Policy development process

- Staff will create a draft work plan for DGC policy development
 - Will be seeking Commission feedback on plan
- Legislative staff will draft policies for DGC review and comment
 - Deliver policies to Commission 2 weeks prior to meeting
- Potential calendar adjustments
